Empiricists also find problems with the rationalists' mathematical

and logical model of knowledge. They argue that these claims, as well as their stand-point on absolute truths, do not provide us with any new, viable, information alone. The problem with this is that rationalism can only provide us with information that is already known.

Critical essays may also cite outside sources if it can help him support his assumption. These citations may come from books, articles, essays, and other scholarly texts. 3. A critical essay has a conclusion. In writing a critical essay, the author has two goals: to make a claim and to arrive at a conclusion.
